**OUR STORY.** In 1980, BC's John Mitchell and Frank Appleton pioneered North America's first modern craft brewery at Horseshoe Bay on BC's spectacular Howe Sound, beginning what has become known as the craft brewing renaissance.

In 1996, John Mitchell helped design the Howe Sound Brewery and worked as our first brewer developing our initial recipes. Known as the "grandfather of microbrewing in Canada", we are proud of his ongoing relationship with our brewery. Today, we continue to brew in the craft style, using unfiltered 100% barley mash. We pride ourselves in brewing a diverse selection of flavourful, well-balanced ales. We invite you to enjoy the experience.

**OUR BOTTLE.** This re-closable bottle, known as a "pat-stopper", was widely used in Europe and North America prior to the 1950s. Our new combination cap is an innovative design that allows closure by both crown and swing caps. It can be resealed and meets our green packaging objectives.
